Morgenthau Is For A Hoist In Limit Of Debt

To Ask Congress To Increase It To 60 Or 65 Billion

WASHINGTON, Nov. 7.—(AP)—Secretary Morgenthau said today that the treasury would seek further increases in taxes to help meet defense costs while asking a boost of fifteen or twenty billion dollars in the national debt limit to take care of possible deficits up to June 30, 1942.

"We'll need more taxes," Morgenthau told his press conference after explaining that with the present debt limit the treasury found itself "in a rather difficult position."

The limit now is \$45,000,000,000 with an additional \$4,000,000,000 authorized for national defense spending. The treasury chief said that he might ask congress immediately to remove present restrictions on the defense borrowing authority, and that as soon as possible after the first of the year he would ask for a general increase in the limit.

Explaining that the possible raising of the borrowing authority to \$60,000,000,000 or \$65,000,000,000 was meant to care for needs only through the 1942 fiscal year, Morgenthau declined to say what debt limit might be needed by the end of the administration's next four year term in January, 1945. Nor did he give further details about plans to raise new taxes.

Asked whether it was conceivable that government expenditures could be put on a "pay as you go" basis shortly, Morgenthau

Gains On Stocks Of \$1 To \$8 Share

NEW YORK, Nov. 7.—(AP)—The stock market swung over to the bullish side with ardor today, running up many gains of \$1 to around \$8 a share on a volume exceeding 2,000,000 shares, the largest since May 22. Many leaders reached new highs for the year.

Marking a complete reversal of yesterday's action, which traders had attributed in part to Wall Street disappointment over the election results, the upsurge was associated with inflationary deductions drawn in some financial circles from Secretary Morgenthau's announced intention to seek a sharp boost in the national debt limit.

U. S. Steel common, traditional leader of post bull swings, led the market with rise of \$7.87 a share closing at \$75. Chrysler pushed up \$6.50, General Motors \$3.75, Bethlehem \$6.50, Youngstown Sheet \$4.37, Douglas Aircraft \$3.75 and Anaconda \$4.

H. C. Salvater Kiwanis Head

Henry C. Salvater was elected president; George H. Scruton, vice-president and Wm. R. Courtney treasurer, of the Sedalia Kiwanis club at its annual meeting in Bothwell hotel this noon. These officers and the following newly elected board of directors will serve during 1941: John Campbell, W. F. Keyser, Phil McLaughlin, Ben Robinson, Charles L. Hanley, William Schien and I. H. Reed.

A. H. Wilks, program chairman, had charge of today's meeting. He called upon Ben Robinson to talk on "How To Make Up Attendance." Phil McLaughlin and H. C. Davis spoke on behalf of the annual Red Cross membership drive.

Guests today were Robert R. McLaughlin, Logan, Utah; and Rabbi Harry May, of Sedalia.

No One Hurt In Collision

No one was hurt Wednesday when two cars collided at the intersection of Pettis street and Ohio avenue about 3:25 o'clock in the afternoon.

Miss Betty Fields, 311 West Seventh street, was driving an Oldsmobile coupe that was in a collision with a Pontiac sedan driven by Clarence Fluty, of Green Ridge.

The Pontiac overturned after the collision and was badly damaged, while the Oldsmobile was only slightly damaged.

Dies On Train

Joseph S. Quinn, Sedalian, traveling representative for a shoe company, was found dead in a berth on Missouri Pacific train, No. 9 shortly before it arrived in Kansas City at 7 o'clock this morning. He had boarded the train in St. Louis last night, planning to go to Kansas City and return to Sedalia Friday evening.

Joseph Quinn Dies In Sleep In Berth On Train

Fails To Arouse At Kansas City To Call From Porter

Joseph Stanislaus Quinn, aged 52, 720 West Fifth street, a member of one of Sedalia's prominent families, died suddenly either last night, or early this morning, in his sleep in a berth on Missouri Pacific train No. 9, between St. Louis and Kansas City.

His death was discovered early this morning by a train porter who went to awaken Mr. Quinn a short time before the train arrived in Kansas City. It was due there at 7 o'clock, and that city was Mr. Quinn's destination.

Mr. Quinn, a traveling representative of the Shelby Shoe Company, left St. Louis Wednesday night with Tom Flautt, a friend and representative of the same company. The train leaves St. Louis at 11:59 p. m., but coaches are in the yards and many passengers get on early and retire before the train pulls out. That apparently is what Mr. Quinn did because word received by the family here today was that Mr. Quinn told Mr. Flautt about ten o'clock he was tired and believed he would retire. He went to his berth, leaving word with the train porter to call him early. The train passed through Sedalia about 4:35 o'clock this morning.

Shocked By News
When the porter learned that Mr. Quinn had passed away company officials notified a nephew, James P. Quinn, Jr., in Kansas City, who in turn called his father and a brother of the deceased, James P. Quinn, of Sedalia.

Shocked by the news, because Mr. Quinn had not complained of being ill, and was believed in the best of health, Mrs. Joseph Quinn and her three children, and James P. Quinn and sisters, Miss Mary Quinn and Miss Johanna Quinn, the latter here on a visit from New York, drove to Kansas City immediately.

Frank Quinn, a brother, also a traveling representative for a shoe company, was found dead in a berth on Missouri Pacific train, No. 9 shortly before it arrived in Kansas City at 7 o'clock this morning. He had boarded the train in St. Louis last night, planning to go to Kansas City and return to Sedalia Friday evening.

Ickes Offers Resignation To The President

Would Give Free Hand If Change Should Be Desired

WASHINGTON, Nov. 7.—(AP)—Secretary Ickes submitted his resignation to President Roosevelt today offering to step out of his interior department post when and if the White House chooses to accept it.

Ickes told his press conference he rejoiced in Mr. Roosevelt's reelection and in offering to resign after only to give the president a free hand should he desire to make a cabinet change.

Ickes acted similarly after the president's reelection in 1936, as is customary, but not all his colleagues in the cabinet followed suit.

He said he believed that all presidential appointive officials should do as he had.

"I for one," Ickes said, "believe the president should be left free at the beginning of a new administration to reshuffle, recreate or do anything he pleases with his official family, especially in view of the mighty task ahead of him."

Three Of Original Cabinet

Only three of the president's original 1933 cabinet remain—Ickes and Secretaries Hull and Perkins.

There seemed little likelihood that Hull would leave his post at the state department. In circumstances similar to Hull's, with regard to holding jobs of especially current importance, are Secretaries Stimson and Knox.

Secretary Morgenthau gave reporters today a possible indication he expected to remain at the treasury when he spoke of plans he had for asking the next congress for another increase in the national debt limit.

Secretary of Commerce Jones, it was said, probably would not have gone to the trouble of waiting for congress to enact special legislation for him to hold that job as well as the federal loan administrators, had he regarded the secretaryship as a post of brief tenure.

There was conjecture about Secretary Perkins, whose regime at the labor department coincided with the AFL-CIO split, and there was nothing definite about the future for agriculture Secretary Wickard, Postmaster General Walker and Attorney General Jackson.

Red Cross Roll Call Nov. 11-30

JEFFERSON CITY, Nov. 7.—(AP)—Gov. Lloyd C. Stark today proclaimed Missouri's annual Red Cross roll call as the period from November 11 to November 30.

"The American Red Cross fills a most important niche in our national defense program," the governor said in his proclamation.

"It now faces a demand for expansion due to the fact that the Red Cross nursing service is the designated nursing reserve of the United States army."

"There must be no neglect of this organization's domestic service in disaster, relief, public health and accident prevention all of which have their bearing on our national welfare."

Stark asked all Missourians "to support this great humanitarian effort in every way."

Burke To Lead Over Ratner

TOPEKA, Kas., Nov. 7.—(AP)—W. H. Burke, Little River democratic stockman, is ahead of republican G. v. Payne Ratner in Kansas' closest gubernatorial race of recent years but by a lead so narrow the official count and tabulation of absentee ballots will be necessary to determine the winner.

Complete unofficial returns from all the state's 2734 precincts gave Burke 418,797, Ratner 417,256.

The Parsons incumbent led from the reporting of first fragmentary returns Tuesday and throughout the first night of counting but finally slipped behind as Wichita districts were heard from.

If official returns land Burke in the Governor's office he apparently will be a lone Democrat in an otherwise Republican stronghold.

The nearly complete unofficial returns which gave the state's nine electoral college votes to Wendell Willkie for President also: Returned to office ten minor Republican state officials. Re-elected all congressmen—six Republicans and one Democrat. Apparently gave Republicans control of both legislative houses.

More Seats In Senate To GOP

Wallace Be New Presiding Officer Next January 20

WASHINGTON, Nov. 7.—(AP)—A resurgent tide of middlewestern votes which ran counter to the national Democratic trend carried Republicans today to a six-year high point of 28 seats in the new Senate.

That meant four more places than they now hold but was far below the Democratic total of 66. Party voting which cut through the Roosevelt majorities in Ohio, Illinois and Minnesota and paced the Willkie strength in Nebraska and Indiana, gave the Republicans five seats previously held by Democrats. The only offset to this was the Republicans' loss of a seat in Delaware.

The last race to be decided was in North Dakota, where former governor William Langer won the senate seat formerly held by Lynn Frazier, defeated by Langer in the Republican primary. William Lemke, Independent, finished second in the contest.

When Vice-President Garner—or a substitute—pounds the gavel at the first meeting of the 77th Congress January 3, there will be more members on the Republican side of the aisle than at any time since the 73rd Congress, in which 36 served, quit on June 18, 1934.

Henry Agard Wallace, 52-year-old former secretary of agriculture, will as the new vice-president become presiding officer Jan. 20 of a Senate composed of 66 Democrats, 28 Republicans, 1 Progressive and 1 Independent. The present Senate includes 69 Democrats, 24 Republicans, 1 Progressive, 1 Independent and 1 Farmer-Daborite.

Absentee Votes Being Counted

The official counting of the absentee ballots began shortly before noon today and is not expected to be completed until late this evening. There are 218 absentee ballots to be counted.

The judges, before counting each ballot must check the affidavit, then the registration.

The official count of the Pettis county election ballots will be started in the office of the county court Friday.

Serving as officials of today's counting are the following: Carl G. Schrader, John Martin, Arthur Smith and Earl Crawford for the Republicans and William Brown, Frank Armstrong, Mrs. Walker Boulevard and Henry Echnbacher for the Democrats.

No information could be obtained on the count, up to late today, due to the large number of votes which were cast. However, political leaders among the Democrats declare a good majority of these are from Democrats.

Michigan Back To GOP Column

DETROIT, Nov. 7.—(AP)—Revised unofficial presidential vote totals, now virtually complete, tipped Michigan back into the Republican column this afternoon. With three of the state's 3,632 precincts missing, the vote was: Willkie 1,028,087; Roosevelt 1,025,774.

Huge Bridge Breaks In Half

Parts Of Span At Tacoma Plunge Into Pudget Sound

TACOMA, Wash., Nov. 7.—(AP)—The Tacoma Narrows bridge broke in half today.

Parts of the huge span went cascading 190 feet into Pudget sound.

No one was on the \$6,400,000 suspension structure when it fell. Still on the structure, however, were an automobile and a logging truck.

The huge suspension bridge, with the third longest span in the world, began to crack up shortly after it started to sway sideways in a heavy wind.

A 50-foot section of the roadway fell first.

Then, with its cables twisting wildly, it began to disintegrate.

Last person on the structure was Leonard Coatsworth, a Tacoma News-Tribune reporter, who abandoned his car and crawled 500 yards on his hands and knees to shore while the bridge bed tipped to as much as a 45-degree angle.

All traffic across the span was stopped.

No one was injured according to preliminary reports.

The bridge was nicknamed "Galloping Gertie" shortly after it opened because of a strange weaving motion it developed.

Completed last July, the bridge was built under extraordinary conditions created by an eight-mile-an-hour tide. Its piers were sunk to a depth of 247 feet.

The span crossed an arm of Puget Sound near here and was built to shorten the distance between the mainland and the Olympic peninsula.

Big Push From Italy On Greece Now On Way

Defense Is Made Ready To Meet Advancing Forces

ATHENS, Nov. 7.—(AP)—Italy's big push against Greece, supreme test in this little nation's fight for life, apparently has started.

The Greek high command acknowledged that its evzones, or mountain fighters, had been forced into a "slight" retreat along the Ionian sea, on the Epirus or Kalamas front, in northwestern Greece.

(After eight days of marking time on the banks of the Kalamas river, constantly harassed by Greek artillery, planes and roving patrols, the Italian high command reported today that the river had been crossed and left behind.)

Italian forces were reliably reported to have established contact with the main Greek defense lines on the Epirus front. The main body of the Greek army was said to be firmly entrenched in well fortified positions, however, and neutral military experts said these would be difficult to approach.

Change Types Of Planes

Meanwhile it was disclosed that Italy had changed the types of bombing and fighting planes used in the campaign. Fast monoplanes, both for bombing and machine-gun fighting, appeared for the first time yesterday in the place of second-line biplanes first used.

The change was believed by neutral air experts to have been brought about by the heavy losses inflicted on the Fascists by the Greek air force and the increasing air aid supplied by the British.

(Reports reaching London by radio hinted that the big Italian drive, anticipated by the Greeks and their British allies, had begun at last.)

Heavy artillery and aerial bombardment yesterday preceded the Italian Kalamas thrust. The extent of the Greek withdrawal was not disclosed.

The Kalamas river, roughly paralleling the border from five to 15 miles inside Greece, is one of the first natural barriers to the Italian coastal drive from Albania.

Greece turned out her own small air force, now bolstered by British planes, to assail the advancing Italian columns.

Conceivably a successful Italian thrust along the coast, threatening Greek lines of supply deeper inland, might force abandonment of the Greeks' own salient near threatening Koriza, Italian invasion base 10 miles inside Albania.

Conversely, capture of Koriza, now dominated by Greek mountain artillery, 100 miles northeast of the Kalamas front, conceivably might slow down or even halt the Italian coastal drive through a rearward threat.

(Reports reaching Belgrade, Yugoslavia, from the Koriza sector indicated the possibility of a decisive battle in the next few days. Both sides were said to be bringing up reinforcements.)

Throgs In Rousing Welcome On Return Of President

By the Associated Press
WASHINGTON, Nov. 7.—(AP)—President Roosevelt returned to a tumultuous reception in Washington today, secure in a third term despite belated election results which edged Michigan's 19 electoral votes into the Republican column.

Michigan's change, with the count still incomplete, made the electoral vote standing 449 for Roosevelt and 82 for Wendell L. Willkie.

Mr. Roosevelt, first man ever to be selected for 12 years in the White House, told a welcoming throng that of all the cities in the country, he and Mrs. Roosevelt "would rather live in Washington, D. C., than any place else."

He made the statement with a laugh in a talk to a crowd which thronged the plaza outside Union Station upon his arrival from Hyde Park, N. Y.

The chief executive, fresh from his third term election triumph, thanked "my old friends of Washington" for their reception and added: "It isn't as if we (himself and Mrs. Roosevelt) were new people. Your turning out to see us means that we are getting on pretty well."

Happy In Return

"And we are very happy, both of us, to be back here for a little bit longer."

"You all know how very much we like farm life, but of all the cities we would rather live in Washington, D. C., than any place else."

The president said, he wanted

Changes Loom In Important Foreign Posts

President And Secretary Hull Begin A Re-Check

WASHINGTON, Nov. 7.—(AP)—Presaging action to reinforce American foreign policies, President Roosevelt and Secretary Hull today began re-checking the nation's diplomatic representation in European capitals.

As a result of the war and the consequently altered relationships with belligerent nations, there has been a considerable "turnover" among American ambassadors and ministers in Europe, necessitating a reshuffling soon and probably several changes in important posts.

Joseph P. Kennedy, ambassador to Great Britain, whose return to the United States produced reports he intended to resign, conferred with Secretary Hull yesterday but declined to discuss the future except to tell newspapermen he had "no plans."

another isolationist senator," he said, "is coming out for Roosevelt, namely Burton K. Wheeler of Montana."

What happened in the Wheeler household at that point is not recorded, but some days later it was observed that Wheeler's "endorsement" of Roosevelt was very mild—nothing stronger than: "From the information available, I understand that the Democratic ticket will be successful."

The capital had once again seen the truth of the Kipling refrain, "The female of the species is more deadly than the male."

Speedy Knudsen
William Knudsen, husky production wizard of the Defense Commission, is a man of very simple tastes, but he has one weakness. The former General Motors boss loves to drive fast.

After completing some labor negotiations in Lansing, Mich., Knudsen invited friends to drive back with him to Detroit in his Cadillac. One of the guests sat in front with the chauffeur, and shortly noticed that telegraph poles were flitting by with unusual speed.

Glancing at the speedometer, he nearly fainted to see the needle pointing at 107 miles an hour.

Knudsen was chatting calmly in the back seat, and the front-seat guest, although scared out of his wits, hesitated to show his alarm. Finally, he made this very casual observation: "Bill, are the speedometers on these cars accurate?"

Knudsen leaned forward, studied the meter intently, then settled back in his seat replied: "Yes, they're accurate, but not so reliable over 95."

Another Recruit

Co-operation with the government in the building of national defense is mounting day by day. We have already told of how General Electric has promised to undertake all normal risks in defense production, and in abnormal risks asks only to be guaranteed against loss.

Now Eastman Kodak steps up with a new approach to the question. It offers to refund voluntarily to the government "any profit it might make in excess of 10 per cent of cost." The 10 per cent is, of course, already subject to income and excess profit taxes. Evidence of the literal sincerity of the offer is in the fact that Eastman made a substantial refund to the government as the result of a similar pledge in 1917.

Patriotism is not confined to the men who carry a gun. It is found in every walk of life. We know men who were killed by overwork in civilian war activities in 1918 just as surely as any man was killed by enemy bullets. It would be so again if war came, and increasing assurances of full co-operation in the defense drive make it clearer every day.

We'll Take Another Helping, Please

The average consumer can give thanks—food prices, which have been mounting more or less steadily since the start of the preparedness program, show signs of leveling off or declining. And just when autumn weather puts a big, healthy bulge in appetites.

Fresh ham has come down several cents on city markets. So have lamb and most cuts of beef. Fresh-killed turkeys, young and small and better flavored, are replacing the cold storage product.

The sweet potato crop is good, and prices are low. White potatoes are cheaper than they have been in years. Other late vegetables are plentiful—beans, cauliflower, spinach, beets, brussels sprouts, carrots, lettuce, onions and so on down the list. Only peas are higher than they should be.

The same with fruits. This year's apples are of good quality, although the yield is somewhat below normal. Peaches are cheap.

Butter has gone up, and eggs are still high. But what does that matter? Beef tenderloin and mushrooms are both down.

• Looking Backward

Forty Years Ago

George Floyd, formerly draughtsman at the Katy shops here, now second vice-president of the Shickle-Harrison-Howard Iron Co., was in the city this morning en route to Parsons, Kas.

One of the pleasant social surprises of the season occurred last evening when James Ward of Altoona, Pa., was made the guest of honor at a reception given by Mr. and Mrs. J. W. Paden of South Engineer street.

Arthur Wilbourne, son of "Uncle Jimmie" Wilbourne, of Forest park, and brother-in-law of Harry Shaffer, motorman on the Third street car line, returned yesterday from a two-year sojourn in the Philippine islands, where he served as a member of Co. H, Thirty-second United States Infantry.

Steam heat has been put in the First Christian church, and it is assured that the edifice will be perfectly comfortable when Rev. Northcut, the well-known evangelist, begins a series of revival meetings there tonight.

• The Washington Merry-Go-Round

By Drew Pearson and Robert S. Allen

WASHINGTON—It has not leaked out yet, but the State Department went pretty far in pressuring the Vichy government to surrender the 93 planes which the U. S. Navy once sold France and which now are rusting away at Martinique. The State Department even threatened to sever diplomatic relations if the French were too stiff-necked about these airplanes.

Summer Welles has had several talks with Ambassador Henri-Haye regarding Martinique, and at one time when Welles asked that the planes be returned to the United States, the French ambassador actually replied: "I'm afraid it might get us into trouble with Berlin."

In other words, Vichy is taking orders from Berlin almost every step of the way.

Meanwhile the agreement negotiated by Marshal Petain and Hitler is cloaked in the strictest secrecy. Some of the main points have leaked out, however, and if these leaks are correct, France and Germany agree to co-operate for the peace of Europe. Since Great Britain is now the only country disturbing "the peace of Europe"—at least in the eyes of the Nazis—this means that France will co-operate with Germany in forcing Britain into peace.

This is the formula by which France justifies the leasing to Germany of her naval bases and airfields around the Mediterranean. This means Nazi control of Syria, all-important in the Nazi drive from the Balkans to Suez; and Dakar, which is all-important in disrupting British shipping lines around the tip end of Africa to Australia, India and the far east.

What Happened At Dakar

French military circles have now brought back the inside story of the British fiasco at Dakar when General de Gaulle tried to land but had to turn back.

The British had secured secret assurances from the French fleet that the three cruisers which they let through the Straits of Gibraltar into the Atlantic would co-operate with the British when the British were ready to take over the important naval base at Dakar.

However, the French Navy is traditionally anti-British, inclined to be pro-fascist. The French Navy double-crossed them.

So when General de Gaulle appeared with British warships just off the Dakar naval base, the French officers, instead of giving up to their advance pledge, opened fire. Simultaneously, French colonial troops came rushing down to the beach, virtually holding out their hands to the British to send landing parties ashore.

The British did not know the attitude of the French army. All they knew was that the anti-British French naval officers had opened fire. The British had no way of knowing that their landing parties might not be fired on also. So de Gaulle and his ill-fated mission sailed for home.

NOTE: Admiral Robert, French commander of naval forces at Martinique, is absolutely opposed to any surrender to the United States. He is sitting tight and contends that it will take a keg of dynamite to blast him from his position in the French West Indies.

Senator's Females
Now that it's all over, the story can be told of the rift in the Wheeler household over the election.

Senator Burton K. Wheeler of Montana is a Democrat, but he has made more trouble for Roosevelt than most Republicans. A good part of that trouble has been inspired by the senator's wife, whose ill-will for the president is famous in the capital. And Roosevelt, in his own way, reciprocates the ill-will, dubbing Mrs. Wheeler "Lady Macbeth."

The big scene in the drama came one night when Senator and Mrs. Wheeler were listening to the news broadcast of Fulton Lewis, Jr. The Wheelers happen to be intimate with the Clarks (Senator Bennett Clark of Missouri), who rival them in their dislike of the president and his foreign policy.

Therefore, Mrs. Wheeler was amazed when she heard from the radio that Senator Clark intended to come out for Roosevelt. With fire in her eyes, she turned upon her husband.

"I don't believe it," she cried. "I'm going to call Miriam (Mrs. Clark) and get her to deny it. And if you ever do such a thing, Burton, I'll walk out of the house and leave you!"

By this time the radio voice was saying, "And now I have an even greater surprise." Here Fulton Lewis paused for suspense. "SEN

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

S-C Tigers Lost 14-0 To Jeff City Jays

Victors Score In First Quarter; Put Columbia At Top

Rolling up 267 yards from rushing, the Jefferson City Jays, defeated the Smith-Cotton Tigers, who have been slipping since the Hannibal contest, 14 to 0 there Wednesday night in a one sided game in which the Bengals gained only 75 yards from rushing.

The first score came within five minutes after the game opened. The Jays kicked off to the Tigers who were unable to get going and were forced to punt with the Jefferson City team taking the pigskin on their own 20 yard line.

With the aid of two long runs by Baysinger and Selvidge, for 23 and 24 yards, and several line plays the ball was put on the eight yard line. Griffith crashed over center and into the end zone for the score. Griffith counted the extra point with a kick which

went squarely between the goal posts.

Several minutes later the Jays put on another attack and a 23 yard run by Selvidge and several first downs put the ball on Sedalia's 24 yard line. A lateral from Spillman to Baysinger who threw a 14 yard pass to Tommy Kenton who then went ten more yards for the second score.

Griffith duplicated his first kick and the score went down Jays 14-Smith-Cotton 0.

Sedalia's defeat places the Columbia Kewpies in first place in the conference. Jefferson City had the game their own way from the start, mixing running plays with passes and clicking with both the amazement of the Tigers who were unable to do anything about it.

In the last half the Tigers came to life slightly, starting their aerial attack, flipping 22 passes and completing nine during the game. Four of their passes were intercepted in the second half.

Jefferson City completed two of their four passes both in the first quarter. The Jays lost 45 yards by penalties and Sedalia five.

Sedalia made eight first downs to the Jays 13, but did not show any scoring punch at any time during the game, playing in the middle of the field most of the last half.

Sedalia's next contest will be on Friday night Nov. 15 when they go to Columbia to play the leading conference team.

Fatalities In Football Drop

LA FAYETTE, Ind., Nov. 7.—(AP)—A gridiron vital statistics expert reported today that deaths from football were on the decline for the fourth year in a row.

Dr. Floyd R. Eastwood, record keeper for the American football coaches' and national collegiate associations, said that only eight deaths could be blamed on the game for the first half of this season.

The figure has shown a downward trend since 1937, said Eastwood, an associate professor of men's physical education at Purdue university.

Five of the 1940 fatalities were ascribed directly to football and three—two from heart trouble and one from an infection—indirectly. Directly attributed deaths numbered two less than for the same part of 1939. The decline was in the high school classification, where two deaths occurred against four last year.

Only one fatality blamed directly on football was in college competition—that of Jack Tandy, 21, of San Francisco State college, who died Oct. 27 of cerebral hemorrhage.

Donnell's Victory Cancels Democrats Governorship Gain

WASHINGTON, Nov. 7.—(AP)—Victory for Forrest C. Donnell, Republican gubernatorial candidate in Missouri, cancelled a previous gain of the Democrats and left the two parties at a standoff

in 29 of the 33 races for governor in Tuesday's election. The Democrats picked up 16 places to the Republicans' 13, but each scored four upsets, so the total of governors by parties was the same as before.

Of the four undecided states the Republicans were leading in Montana and Washington, while the Democrats were slightly ahead in Kansas and Indiana.

Unseat Four GOP

In their four upsets, the Democrats unseated four Republican governors — Michigan's Luren Dickinson, 81-year-old foe of "high life"; William H. Vanderbilt of Rhode Island; Raymond E. Baldwin of Connecticut and C. A. Bottolstein of Idaho.

In Illinois, Nebraska, Delaware and Missouri, the Republicans picked up their four new governorships.

In Kansas, Governor Payne H. Rathner, Republican, clung to a diminishing lead all day, but tonight surrendered it to his Democratic opponent, William Burke. A little more than 1,700 votes separated them.

Stassen Defeats Two

Minnesota's Harold E. Stassen, keynote speaker at the Republican national convention, defeated

Hjalmar Petersen, farmer-laborite, and Ed Murphy, Democrat.

And in Massachusetts, where President Roosevelt piled up a substantial lead, Republican Governor Leverett Saltonstall nosed out his Democratic opponent, Paul A. Dever.

Democratic governors elected were:

Sidney P. Osborn, Arizona; Homer M. Adkins, Arkansas; Robert A. Hurley, Connecticut; Spessard L. Holland, Florida; Eugene Talmadge, Georgia; Chase A. Clark, Idaho; M. D. Van Wagener, Michigan; Charles Edison, former Secretary of the navy, New Jersey; John E. Miles, New Mexico; Joseph M. Broughton, North Carolina; John Moses, North Dakota; J. Howard McGrath, Rhode Island; Prentice Cooper, Tennessee; W. Lee O'Daniel, Texas; Herbert B. Maw, Utah; former Senator Matthew M. Neely, West Virginia.

Republican Governors

Republican governors elected were:

Ralph L. Carr, Colorado; Walter W. Bacon, Delaware; Dwight H. Green, Illinois; George A. Wilson, Iowa; Saltonstall; Stassen; Donnell; Dwight Griswold, Nebraska; Robert O. Blood, New Hampshire; John W. Bricker, Ohio; Harlan J. Bushfield, South Dakota; William H. Wills, Vermont; and Julius P. Heil, Wisconsin.

In the pivotal state of Indiana, where Wendell Willkie appeared to have won the state's electoral votes, Henry F. Schricker, Democratic gubernatorial candidate, stayed out in front of Glen R. Hills, Republican, but balloting was close.

Adjoining Ohio rolled up a 150,000 lead for President Roosevelt, but returned Bricker to office over Martin L. Davey, former Democratic governor.

Plans will be laid for a minstrel show to be given this winter by the society for the purpose of raising funds for charitable purposes. R. M. House Gain By The Democrats

WASHINGTON, Nov. 7.—(AP)—Sharply reversing the Republican trend two years ago, late returns showed today that the Democrats would control the new house with an advantage of about 100 seats over the Republicans.

A tabulation of Tuesday's election, which adds two more years to the party's 10 consecutive years of house rule, showed this lineup: 263 Democrats, 162 Republicans, 3 Progressives, 1 Independent Democrat, 1 American Labor, 5 seats in doubt.

The present composition of the house is: 258 Democrats, 167 Republicans, 2 Progressives, 1 Farmer-Labor, 1 American Labor, 6 vacancies. Three of the vacancies formerly were held by Democrats and three by Republicans.

The Republican side was swelled to its present figure by a gain of 81 in 1938, the year which marked a reversal of an earlier New Deal trend toward heavier Democratic majorities.

Democrats, including Chairman Andrew Jackson May of the military committee, were ahead in four of the districts still in dispute. Richard T. Buckler, the chamber's lone Farmer-Laborite, was a nose in front of his Republican adversary in Minnesota.

It seemed probable, therefore, that the Democrats would end up with upwards of 100 seats more than the Republicans.

The election assures the Democrats of control of the chamber for their longest period since the Civil war—12 years. The Republicans ruled in the next preceding 12 years, the Democrats for the eight years before that.

Favors Election By Popular Vote

BOSTON, Nov. 7.—(AP)—Senator Lodge (R-Mass.) today termed the electoral college "a relic of the past and said he would introduce before congress "a constitutional amendment to require presidential elections to be settled by the vote of the people."

Asserting the college "serves no useful purpose," he added that it "makes it possible for a candidate with the popular vote to be defeated."

"In this, as in every other elective contest, let the people rule," he said in a statement.

Convict Kent In Violating Spy Act

LONDON, Nov. 7.—(AP)—Anna Wolkoff, charged with Tyler Kent, discharged employee of the United States embassy, with violating Britain's official secret act in a spy plot, was convicted and sentenced today to 10 years imprisonment.

Kent, previously convicted, was sentenced to seven years. Miss Wolkoff, 37, is the daughter of a former Russian naval attaché to London. Kent was convicted last week but his sentence was postponed until after the trial of Miss Wolkoff.

Babson Sends In Congratulations

WELLESLEY, Mass., Nov. 7.—(AP)—Roger W. Babson, defeated New Prohibition party candidate, today congratulated President Roosevelt on his reelection.

"Heartly congratulations," said Babson. "A defeated statistician however, humbly reminds you that one per cent of the vote properly allocated would have elected Wendell Willkie. Therefore know you will work for coalition, both with Republicans and minority parties. Please keep well. Four great years are ahead."

Babson asserted in an interview later that the Republicans "are altogether too blue and have an inferiority complex," and suggested that "instead of reading the headlines, they should study the statistics."

PTA Council Hears A Talk By Mrs. Engle

Miss Nettie Lamm Also Speaks On Proper Books

Mrs. Herman Engle, of Springfield, spoke to the Sedalia Council of Parent-Teachers on Wednesday afternoon.

Mrs. Engle, seventh vice president of the Missouri State Parent-Teachers Association, is by virtue of this office chairman of mental and social hygiene.

Parenthood is one of the biggest professions in the world and the one with the least training. Mrs. Engle said, and stressed the necessity of parents studying to keep up with our modern youth. She stated that the objective of the study of social health is to prepare young people for wholesome boy-girl relationships and to educate adults and youth to meet wisely the problems that have their center in the sex instinct, and inevitably come up in some form in the experience of every normal individual.

This being the twenty-second observance of national book week Miss Nettie Lamm gave an interesting talk on Books. The theme of Book Week this year is Good Books, Good Friends.

Miss Lamm stated good books are good friends and asked that every parent have a book shelf for their children.

The meeting was presided over by Mrs. Paul Zink. A one o'clock luncheon under the supervision of Mrs. Roy Gerster was enjoyed by members from the Sedalia Parent-Teacher associations.

Mrs. W. F. Schwenk from Horace Mann PTA gave the devotion-al, "A Prayer for our Country."

A delegation of all the presidents were appointed to meet with Ellsworth Green, secretary of the Chamber of Commerce, in regard to the Christmas Parade.

A request for clothing was made and an appeal was made to any one having discarded clothing to get in touch with Mrs. J. L. Curry or Mrs. Paul Zink. This clothing is to be used in the Mutual Aid Center.

The next meeting of the Sedalia Council will be held Wednesday, December 3 at 2:30 o'clock at the public library.

ANSWERING THE ETERNAL QUESTION "What to Serve?"

Rio Grande French Dressing
(1 1/4 cups dressing)
One teaspoon salt, 1 1/4 teaspoon chili powder, 1/4 teaspoon dry mustard, 3/4 cup olive oil or salad oil, 1/4 cup cider vinegar, 1/2 cup finely chopped green peppers, 1 clove garlic, cut in half.
Combine ingredients in order given in glass jar. Seal well and shake. Store in refrigerator and use as needed. Shake vigorously just before serving.
Garlic may be removed before storing if only a "suspicion" of its presence is desired. If desired, 1/2 teaspoon grated onion may be substituted for the garlic. This dressing is excellent mixed with tossed vegetable, deviled egg, asparagus, pineapple or tomato salad. Use it to marinate meat, po-

tato or vegetable salad that are to be served with mayonnaise. The proportion of vinegar to oil is a matter of personal taste.

Wine Vinegar French Dressing
(One cup)
One teaspoon salt, 1/4 teaspoon pepper, 1/4 teaspoon dry mustard, 3/4 cup olive or salad oil, 1/4 cup wine vinegar, 1 clove garlic, cut in half.
Combine ingredients in order given in glass jar. Seal, shake well and stand in refrigerator several hours before serving. Shake well again just before serving.
Here's a mild flavored French dressing which is especially good for tossed salads, and excellent for marinating fish, seafood, potato and meat salads.

Toasted Luncheon Snacks

(Four Servings)
Eight slices bread, 2 tablespoons butter, 2 tablespoons orange marmalade, 6 ounces prepared ham and pork (1/2 can), 2 cups cooked fresh peas, parsley, pickle slices.
Cut bread into round with large biscuit cutter. Spread thinly with butter and marmalade. Mash ham up until it spreads smoothly, and cover rounds of bread with ham.

Arrange on a 15-inch heat resistant glass platter and toast in a hot oven (400 degrees F.) about 20 minutes or until well browned. Pour peas onto platter between rounds. Garnish with pickle slices and parsley. Serve right in the glass platter which keeps the snacks hot.
This recipe uses beef kidney which is comparatively cheap and of course also important from a nutritional angle.

Tarragon French Dressing
One teaspoon salt, 1/4 teaspoon black pepper, 1/4 teaspoon dry mustard, 3/4 cup olive or salad oil, 1/4 teaspoon Worcestershire sauce, 1/4 cup tarragon vinegar, 1/2 teaspoon grated onion.
Combine ingredients in order

in glass jar. Seal, shake well and store in refrigerator. Always shake well again just before serving.

WRITES
MRS. C. A. BRUNTON
OF SOUTH BEND, IND.

O-O-H-H! THERE'S A SURPRISE INSIDE!

"I use Spry for all my baking and frying," she continues. "It not only makes things taste so good but they're so digestible. I can even let my children, 8 and 11, have Spry pastry and they both enjoy it so!"

Why do women all over the country sing Spry's praises like this? Because no other shortening ever gave them the wonderful results Spry does—such light, delicate cakes, flaky pastry, crispy digestible fried foods. Spry's purer, stays fresh longer, creams so easily. Only Spry gives all these extra advantages. Change to purer Spry today.

Donnell's Victory For Governorship Amazing Upset

(Continued From Page 1)

replied: "I don't think it's possible."

Wants Restrictions Lifted

The secretary said that with the advantage of about 52,500 votes. However, the slowly tabulated country vote matched this and then some, feeding Donnell a 56,500 advantage, which spelled his victory.

Truman In By 42,000

Senator Harry S. Truman, who won renomination after shading Gov. Lloyd C. Stark in a dogged primary race that paralleled the Donnell-McDaniel scrap, defeated his caustic critic, Republican Manuel H. (Cap) Davis, by about 42,000.

The two big cities gave the New Deal incumbent his plurality. Davis, one time state senator, who in his active campaign tagged Truman the "Pendergast senator," received a 30,000 vote advantage outstate.

Wilson Bell, Potosi editor, tyro on the Democratic slate, captured the one term job as state treasurer; Judge George Robb Ellison won a second term in the supreme court; and State Auditor Forrest Smith, Lt. Gov. Frank G. Harris, Attorney General Roy McKittick and Secretary of State Dwight Brown all were elected to third terms.

Significant was the election of two new Republican congressmen, assuring Dewey Short of the Seventh district the first GOP companions from Missouri he's ever had in the house. Short was re-elected easily.

Newcomers are Phil A. Bennett, one time lieutenant governor, who turned out incumbent Congressman Reuben T. Wood in the Sixth district and Walter Ploeser, young St. Louis insurance man, who unseated C. Arthur Anderson in the Twelfth district.

One new Democrat and nine veterans will return to Washington. The first termers will be John B. Sullivan, St. Louis attorney, who moves into the Eleventh district seat. Incumbent Thomas C. Hennings, Jr., chose to run for circuit attorney of St. Louis and was elected.

The nine Democrats re-elected are: Milton A. Romjue, First district; William L. Nelson, Second; Richard M. Duncan, Third; C. Jasper Bell, Fourth; Joseph B. Shannon, Fifth; Clyde Williams, Eighth; Clarence Cannon, Ninth; Orville Zimmerman, Tenth and John J. Cochran, Thirteenth.

Another Republican advance was in the state senate, where the minority party—three members in the last session—picked up three Democratic seats and hiked their total to six. The Republicans appeared to have made substantial gains, too, in the Missouri house of representatives.

'Disquiet' Over Naval Board

LONDON, Nov. 7.—(P)—Commander Robert Tatton Bower, World War veteran and member of parliament, told the house of commons today there is "definite disquiet about the board of admiralty as a whole" in its conduct of Britain's naval affairs.

He asserted that Sir Dudley Pond, first sea lord, was "not the man he was."

Long noted for his outspoken comment, Bower participated in a short debate on the sinking of the aircraft carrier Glorious with loss of 1,204 men in the Norwegian campaign.

He charged that he was shunted to an "inferior" appointment in the navy after writing to first lord of the admiralty A. V. Alexander that "grave concern was felt among many responsible members of the naval staff at the conduct of operations in Norway and also in connection with loss of the Glorious."

He declared that the war was not being fought to set up Alexander "as a little pinchback himmler with a tinpot staff."

More Seats In Senate To GOP

(Continued from page one)

Uvalde, Tex., home to participate in the ceremony of handing over the gavel to the new vice-president.

Of 13 new senators, seven will be Republican and six Democratic.

New Ones To Take Oath

Republicans who will take the oath for the first time include: Raymond E. Willis, Angola publisher who defeated Senator Sherman Minton, Indiana Democrat and majority whip in the Senate, in a close race.

C. Wayland Brooks, Illinois lawyer who played an important part in drafting the foreign affairs plank of the Republican convention platform and who unseated Senator James M. Slatery, a Democrat.

Hugh A. Butler, Nebraska Republican, who won over Governor Robert Leroy Cochran, a primary victor over Senator Edward R. Burke, Democrat.

Harold Hitz Burton, Republican "reform" mayor of Cleveland, who proved his vote-getting ability by capturing the seat voluntarily vacated by Senator "Vic" Donahey, Democrat, despite an Ohio sweep for Roosevelt.

Gov. George D. Aiken of Vermont, who won the seat vacated by the death of Senator Ernest Gibson, Republican, and filled temporarily by Gibson's son.

Rep. Ralph O. Brewster, who won the Maine contest in September to fill the vacancy created by the voluntary retirement of Senator Frederick Hale.

Langer, former North Dakota governor, lost an attempt two years ago to unseat Senator Germond P. Nye.

Four Upsets

Willis, Brooks, Butler and Burton furnished four Republican upsets by winning Democratic seats. Senator Henrik Shipstead of Minnesota, accounted for the fifth change by shifting his party designation from Farmer-Labor to Republican and winning re-election.

Democrats who will take the oath for the first time include: James Miller Tunnell, Delaware lawyer and banker, who rode along with the Roosevelt majority to capture the only seat taken away from the Republicans, that of Senator John G. Townsend, Jr.

Ernest W. McFarland, Arizona superior court judge, who defeated veteran Senator Henry Fountain Ashurst in the Democratic primary and won easily over his Republican opponent.

Rep. Abe Murdock, of Utah, victor over Senator William H. King in the Democratic primary and over his Republican opponent in Tuesday's voting.

Rep. Mon C. Wallgren, who won the seat to be vacated by Senator Lewis B. Schwellenbach, Washington Democrat appointed to a federal district judgeship.

Harley M. Kilgore, criminal court judge, who will succeed Senator Rush D. Holt, previously defeated in the West Virginia Democratic primary.

The sixth new Democratic member will be appointed later by Senator Matthew M. Neely when Neely takes over his newly won post as governor of West Virginia and relinquishes his Senate seat.

Senators who were re-elected in Tuesday's balloting included the following Republicans: Austin of Vermont, Johnson of California, Barbour of New Jersey, Thomas of Idaho, Vandenberg of Michigan and Shipstead.

Democrats re-elected were: Andrews of Florida, Bilbo of Mississippi, Connally of Texas, Bird of Virginia, McKellar of Tennessee, Mead of New York, Guffey of Pennsylvania, Gerry of Rhode Island, Maloney of Connecticut, Walsh of Massachusetts, Radcliffe of Maryland, O'Mahoney of Wyoming, Wheeler of Montana, Chavez of New Mexico, Pittman of Nevada, Truman of Missouri and Chandler of Kentucky, elected to fill out the term, for which he previously had been appointed.

Changes Loom In Important Foreign Posts

(Continued From Page 1)

presented at the capitals of four major western European nations by charges d'affaires instead of the usual ambassadors.

Herschel V. Johnson, a career diplomat, is in charge of the London Embassy during Kennedy's absence.

Leland B. Morris, another foreign service career man, is charge d'affaires in Berlin, where the United States has not been represented by an ambassador since recall two years ago of Hugh Wilson, now on special duty in the state department. There has been no indication an ambassador to Germany would be named in the near immediate future.

Edward L. Reed, counselor, is charge d'affaires in Rome during the absence of William Phillips, the ambassador, now on leave in Massachusetts. Phillips' health is reported so poor that he probably will not return to Rome. No one, however, has been mentioned as a possible successor.

Diplomatic observers here also do not expect William C. Bullitt, ambassador to France, to return to Vichy. H. Freeman Matthews, secretary of the Embassy, is acting charge d'affaires.

Since the United States still recognizes Poland, it was expected that Anthony Drexel Biddle, now on leave, will rejoin the Polish Government now established in London as American ambassador.

Envoys to several countries, occupied by Germany or Soviet Russia, or wiped off the map by the conquering nations, also are here awaiting decision by the President and Secretary Hull as to the future status of the once-independent countries.

Among them are John Cudahy, ambassador to Belgium; John G. Wiley, minister to the Baltic countries; George A. Gordon, minister to the Netherlands; Ray Atherton, minister to Denmark; and Mrs. Daisy Harriman, minister to Norway, and the only woman in the American foreign service.

Truck Catches Fire On Highway

A large coal truck of Henry Franken, Twenty-fourth street and Engineer avenue, was badly damaged by fire about 10 o'clock this morning, eleven miles south of Sedalia on highway 65. The truck had caught fire under the floor boards and the blaze quickly spread into the cab before passing motorists could offer aid to William Franken, the driver.

Several men using shovels threw dirt into the cab over the gasoline tank and on the motor in an endeavor to put the flames out. Gasoline in the tank burned out without the tank exploding.

The truck is covered by insurance, the driver said he believed. Young Franken was headed to the Windsor coal mines to obtain a load of coal for delivery in Sedalia, when the mishap occurred.

E. A. Elliott Is Teachers' Head

KANSAS CITY, Nov. 7.—(P)—E. A. Elliott of Joplin is the new first vice-president of the Missouri State Teachers' Association and at the end of the 1941 convention will assume the presidency.

He was elected to succeed R. M. Inbody of St. Louis who will be automatically elevated to the presidency at the close of the current convention which entered its second day today.

Virginia George, Albany, is second vice-president, and Helen Rossi, St. Louis, third vice-president.

Turning to round table discussions of educational problems and the scheduled addresses of outstanding speakers, the convention was on record against "any kind of educational program promoted by any federal agency and administered, financed and controlled from Washington."

The attitude was expressed in a resolution successfully sponsored by George L. Hawkins, assistant superintendent of St. Louis schools, who said there are "subtle influences moving to set up separate types of education in this country similar to the youth movements in Europe."

Although declaring its belief that "all education should be controlled and administered by the state and the local community, with the aid of federal grants, whenever and wherever necessary," the organization in another resolution thanked the federal government for its interest in public education.

Prepare To Look For Other Jobs

JEFFERSON CITY, Nov. 7.—(P)—Several thousand Democratic state employees prepared to look for other jobs today as they studied vote returns indicating the election of Forrest Donnell, a Republican, as governor of Missouri.

Capital politicians estimated "between 3,000 and 5,000" state jobs are under the control of the governor or of boards and officials appointed by him.

Virtually all of those jobs have been held by Democrats since 1932.

Largest single job-providing agency under gubernatorial jurisdiction is the eleemosynary board, which employs more than 2,000 persons. The penal commission employs about 580 and various other state departments supervised by the governor have jobs estimated to number about 1,000.

They include: Public Service Commission, Workmen's Compensation, Athletic and Tax commissions, the Health, Liquor, Insurance, Finance, Building and Loan, Labor, Agriculture, and Oil Inspection departments and the adjutant general's office.

Large numbers of the state employees, however, would be unaffected by the outcome of the gubernatorial race. They work in departments controlled by minor state officials—all of whom remain Democratic.

Raiders Still Scatter Bombs

LONDON, Nov. 7.—(P)—Sirens howled at noon today, giving London its first air raid alert of the day after the longest night alarm of the war.

The raiders dodged defenders in the clouds to scatter bombs on the London area and vapor trails high in the blue-patched sky were coupled with the sound of diving and climbing planes told of a battle over the capital.

Morgenthau Is For A Hoist In Limit Of Debt

(Continued from page one)

old \$45,000,000 debt limit "practically reached" the treasury found itself "in a rather difficult position."

He added that it would be "very helpful" if congress lifted immediately the restrictions which it put on the \$4,000,000,000 additional debt authorization before January 1.

As for the general increase in the debt limit, Morgenthau said that he and Daniel W. Bell, treasury undersecretary, would go before congress as soon as possible after the new session begins.

Morgenthau said that the next congress would be asked to make all future issues of state and local securities subject to taxes. He said that in studying the problem he had learned that about \$2,000,000,000 of tax-exempt state and local securities would mature next year.

"I sincerely hope that congress will make all future issues of non-federal securities taxable," the treasury chief said. "The time has come when we need money for national defense. We need an increase in the draft limit and meanwhile we want to increase the taxes."

Morgenthau said that the treasury would be the first to feel the impact of rising costs resulting from greater economic activity, but that "I do not fear inflation with Mr. Roosevelt as president."

The "necessary steps" will be taken, Morgenthau said, if prices get out of line. He said that he proposed to "shout it from the housetops" if some prices went wrong.

Morgenthau said that he would leave today for a several-weeks' tour of Puerto Rico, the Virgin Islands and Jamaica because he was "very much interested in looking at defense work."

"After all," he said, "we've got to raise the money, and I'd like to see how it's being spent."

Senator Byrd (D-Va.), a leader in the so-called Senate economy bloc, announced immediate opposition to any proposed increase of \$15,000,000,000 or \$20,000,000,000 in the national debt limit.

"I favor an increase of not more than \$3,000,000,000 to take care of national defense," Byrd told reporters. "Congress should not increase the debt by more than this amount. It is necessary for Congress to curb larger increases."

The senator approved Morgenthau's proposal to eliminate future issues of tax exempt government securities and urged an increase in all federal taxes.

Sharp Recovery To Stock Market

NEW YORK, Nov. 7.—(AP)—The stock market recovered with a rush today from its post-election sell-off, leaders climbing as much as seven points on a flood of orders.

Prices were close to their best at the close and transactions, totalling about 2,000,000 shares, constituted the largest single day's volume since last May.

An early morning rise rescribed by some analysts as a "technical adjustment" developed into a regular "bull" session after Secretary Morgenthau asked that the statutory limitation on the national debt be lifted.

Some Wall Street circles sighted inflationary aspects and further large-scale spending in the treasury chief's remarks, and share quotations promptly benefited.

U. S. Steel, Bethlehem and crucible established new high marks for the year.

Plans Are Made By Directors Of Pettis County Organization At Monthly Meeting

The 1940 annual meeting of the Pettis County Farm Bureau will be held on December 7, according to plans made at the monthly of the Farm Bureau board of directors on Saturday afternoon.

A Recognition Day for 4-H members was also planned to be held in the Assembly room of the court house on Saturday afternoon, November 16, when those 4-H members of the county who have completed their projects and turned their records in will be presented with 4-H pins by the Farm Bureau.

Various Committees

The committees on arrangements for the annual meeting include: Dinner committee: Mrs. P. S. Read, Mrs. J. A. DeJarnette, Mrs. G. D. Ferguson, Mrs. S. W. McClure, Mrs. Edward Heffernan, Mrs. J. W. Bowlin, Miss Dorothy Bacon, and Miss Josephine Flory.

Program committee: Thos. J. Raines, Edward Heffernan, E. F. Rissler, G. D. Ferguson, R. W. Dow, J. U. Morris and William Murphy.

Miss Rena Jenkins, state extension agent, met with the board and a memorandum of agreement was entered into between the Missouri Agricultural Extension Service and the County Farm Bureau arranging for extension work to be continued in the county under farm bureau sponsoring.

In recognition that Miss Nadine Demand, of Smithton, who will represent the state in 4-H home furnishings judging at the National 4-H Club Congress to be held in connection with the International Livestock Exposition at Chicago, will also be representing Pettis county, the farm bureau contributed a portion of the necessary expense incident to the trip.

Work Reported

Work of the Extension Service during the past month of October was reported by the agents. Lamb slaughtering, cutting, canning and retailer cutting demonstrations as an encouragement to the greater use of lamb in the diet was one of the major activities. The County Corn Husking contest, feed grinding demonstrations, thin-section concrete dam construction and demonstration on the Millard Wagenknecht farm near Smithton, work on terracing, Farm and Home Week activities, the annual state farm bureau meeting and work with women's clubs received attention also.

4-H events included Swift's 4-H Poultry Show, three 4-H radio broadcasts, a number of successful 4-H achievement programs, preparation for delegates to attend the American Royal and work started by clubs on wildlife conservation.

Registered Seed Show Attracted

One of the features of Farm and Home Week is the annual show of Registered Seeds of the Missouri Corn Growers association. It is through this show that registered seed growers of Missouri have an opportunity to keep abreast of the type of seeds of the various crops that are best adapted to Missouri conditions.

In this years show, Pettis county Registered Seed Growers won the major part of the honors. In the ten ear sample of Reid's Yellow Dent Corn, Rolloe Thomas of Sedalia placed first. His 10 ears of Reid's Yellow Dent was made the champion 10 ears of corn of the entire show. In the Johnson County-White Show, E. C. Stephens was first with 10 ears. George R. Wilkerson of Hughesville placed first in both the Midland Yellow Dent and 100 day classes. In the Missouri's early beardless barley classes, Mr. Wilkerson's sample placed second and Hubert Finley of Sedalia placed third.

With the exception of Hybrid, all of the first places in the corn classes of the show went to Pettis county growers.

Stradivarius, famous Italian violin maker, also made guitars, some of which still are extant. He is best known for his violins.

It Takes Much Planning To Assemble Wardrobe, Mrs. H. A. Wilson Explains

"If there's a plan there's a wardrobe" was proved to Mrs. H. A. Wilson, clothing leader of the Oak Grove 4-H girls.

During the past year five girls between the ages of 15 and 19 carried a 4-H project in Clothing III, one of the requirements of which was planning a winter wardrobe. A plan seems uninteresting to most high school age girls and so it was to these girls however once they were started interest grew and the girls began to learn to appreciate the value of clothing by making their inventory and budget.

Values To \$57

They found the value of their clothing on hand ranged from \$26 to \$58 and that their needs ranged equally wide. The girls learned how to dress becomingly yet inexpensively, as the girls who sew well can always have more for less than those who purchase ready made clothes.

Skirts and blouses which are appropriate, easily made, inexpensive and offer much variety in the wardrobe, were numerous in their plans.

"By taking a check up of the clothing on hand and the amount of money invested in her own garments as compared to the clothing budget of the entire family the girl is more fitted to choose wisely from the standpoint of cost as well as style and color. That girl is also more capable of managing money as a member of a family," said Miss Frieda Bennett, state extension clothing specialist, University of Missouri, at a Clothing Leader's Training meeting last spring where Mrs. Wilson received ideas for leading her club.

Idea From Others

She not only got ideas from Miss Bennett but from other clothing leaders as well and those ideas were put into practice. Results show by the appearance of the five girls as they appear in school each day that they planned their fall and winter clothes. Not all emphasis was placed on planning for Mrs. Wilson's girls rated high in construction and judging. Betty Redfield, Ruth and Mary Alice Dexheimer were the three high in judging at the county contest while Thelma Brunkhorst was the county style show champion.

Anna Catherine Romig and Thelma participated in demonstration training day by demonstrating "Testing Materials".

These girls actively did not stop there; they have been quite active in their own community events and the meetings of their community and 4-H Club led by Mrs. Clifford Mawhorter.

Oliver and Gordon Redfield, Melvin Dexheimer and Norvel Brunkhorst are the boys who with their leader, Melvin Turner, complete the community club.

Today's Pattern

Tailored for Slim Figures

PATTERN 8796
If your figure is slim and youthful, you may be having some difficulty in this very tailored season, in finding just the kind of office frock you want—not too severe and elongating,

Reports from the College of Agriculture, University of Missouri indicate that the attendance at Farm and Home Week neared the 2,800 mark. Those in attendance feel that the program was an excellent one.

The Quisenberry community of Pettis county made a contribution on Wednesday evening by presenting "The College Chest" written by Mrs. Paul Read and directed by Mrs. W. P. Tucker.

One visitor at Farm and Home Week inquired about the possibilities of presenting the play in her home community as she felt it would do much to stimulate interest in 4-H work. Another visitor asked about the play writing contest in this county so there is no doubt that this play gave the Missourians an idea of the splendid work being carried out here.

Pettis Girl Second

On Wednesday afternoon, Dorothy Helen White of the Sunnyside 4-H club took part in the public speaking contest sponsored by Home and Community Committee of the State Farm Bureau. Of the nine girl contestants, Dorothy Helen placed second which is a fine showing as there were some excellent speeches made.

Each of the speakers including the four boy contestants spoke on the subject "The Heart 'H' in Farm Bureau." They were awarded recognition pins by the Farm Bureau. The winners in each division were presented with a plaque.

Besides attending meetings both general and sectional some time was spent in visiting exhibits. Of special interest to the women attending were the home economics exhibits and from the size of the crowd, the home furnishings exhibit with home made rugs and room units was the most popular.

Flower Arrangements

The horticulture exhibit showing attractive flower arrangements along with an appetite provoking fruit display was worthy of praise.

Mary Alice Cook To Be Honored For Canning Success

Mary Alice Cook of Dresden is to receive the gold medal as county winner in the national 4-H canning achievement contest conducted for the twelfth season by the extension service.

ANSWER: From the stem.

Serial Story New York Jungle

By Wray Wade Severn

Copyright 1940, NEA Service, Inc.

YESTERDAY: Barkes is trapped, hiding in a package in a tree. He explains to Plowman that he has been innocently involved in a murder, trying to keep Langdon from discovering it. Then after the murder, he had to get rid of the dog. In an attempt to smother the dog out of the house, he gave it too much chloroform. Killed it. It was he, whom Plowman trailed down the passage into the jungle. Plowman questions him about \$500 Langdon had at the time of the murder.

FLOWMAN MAKES AN ARREST

CHAPTER XXII

FOR a moment Barkes was silent. Then he faced Plowman furiously.

"You can't railroad me, Plowman," he shouted. "Mr. Langdon knew I had that money. He gave it to me. I cashed the check for him at the bank. The teller telephoned him to make sure it was all right. You can ask him."

"Mr. Langdon had told me to take the midnight train to the city, I was to see his doctor and get a special prescription. It was to be ready for me. I wondered about taking that much money, just for medicine. Mr. Langdon said it was a remedy for jungle fever, that it was very costly. He told me not to tell anyone that I was going on the errand."

"Why didn't you tell us this before?" Plowman shot back.

"I was afraid to. I didn't think you'd believe me. All that money for medicine. I intended to return the money to Mrs. Langdon."

"All right, all right. Come along, Barkes." He motioned to a trooper to take the chauffeur away.

"ANY new evidence?" Sidney turned back to Captain Plowman.

"Plenty," the officer replied. "We found the money, hidden in the garage. Found a gun, too, but it had been cleaned. Then this friend, whom Barkes claims to have talked to in town, this fellow Brabant, has a record. He has a green sedan, too."

"Brabant may have been just a casual acquaintance," Sidney argued. "There are hundreds of green sedans. Barkes didn't recognize the driver. He wouldn't offer Brabant as an alibi if he knew he wasn't in the village."

Plowman ignored his arguments. "The way I see it, Mr. Braitwood, is that Barkes cashed the check all right, brought the money here, gave it to Langdon, then stole it again and hid it in the jungle."

"Suppose he had a confederate in the jungle. Say the valet. The bad blood between them may have

been faked. The confederate puts out the light so that Barkes could escape through the chimney, while the entire company think they have been locked in from the outside, so that the thief could loot upstairs."

"I don't agree, but it could be true," Sidney commented.

"You all saw Barkes drive off and he had a witness who had seen him in the village. He admits he came back. He says, before he drove to the village, it couldn't have been after."

"Suppose he did get back before you came downstairs for coffee instead of after. It needs no stretch of the imagination to figure that he was in the jungle with the plan to go up through the flue into Langdon's room for the pearls when you all came in, so he hid. He could get up through the flue without anyone hearing him. But when you surprised him by coming down for coffee so soon, he was in a jam."

"You are making out a case, Plowman, but I still don't agree."

"Wait until I have finished."

Plowman half smiled. "Barkes short-circuited the lights in the smaller room while Togi turned them off in the larger room. Togi locked the door. When Togi was on the ladder he saw Barkes hiding and they signaled each other. In the darkness Barkes was to make the flue."

"Then came the lightning. Langdon saw Barkes sneaking toward the passage. He aimed, but Barkes shot first. In the thunder that followed, no one heard him. He was frightened by what he had done and gave up going after the pearls, especially as he knew you men were on the way upstairs. He went out the drawing room window. That accounts for there being no wet prints on the parlor carpet. He was leaving, not entering."

"Well reasoned, if you can prove it," Sidney admitted.

"Maybe I can and maybe not. I can't, Mr. Braitwood," Plowman said, in a tone that left Sidney in doubt.

THE clock in the hall had emitted a solitary tinkle when Sidney knocked on Patricia Langdon's bedroom door.

"Sorry to disturb you at such an ungodly hour, Mrs. Langdon," the lawyer said, with a touch of weariness, "but Plowman has just made an arrest and I thought you'd want to know it."

"An arrest?" Pat gasped. "He can't have fastened the murder on Craig?"

Her dark eyes narrowed and her face lost color.

"No, not Gundrum. He's arrested your chauffeur, Henry Barkes."

"Oh, Barkes." Pat's relief was evident. "What can he have learned about that poor, simple man?"

"He believes, or says he does, that Barkes worked with a confederate, a fellow he met at the hotel. He thinks the confederate, Brabant, he called him, came up here sometime before dinner to look for your pearls and failed to find them, so he left the actual theft to Barkes."

"Barkes missed the pearls, but he did take \$500 from Adam's desk. Barkes claims that Adam gave him the money to take into New York for some medicine. He had the money hidden in the garage and was expecting to take the midnight train for New York after bringing back your packages from the village."

"Plowman reasons that Barkes, after taking the money, went down into the jungle through the passage—which he admits having explored—and hid the money there. He was about to have another hunt for your pearls when he heard us coming downstairs and he did not have time to get to the fireplace before we opened the door. After that the story goes pretty much as Gundrum had figured it."

"Marvelous detecting!" Pat sneered. "I don't believe Barkes would kill a fly, intentionally."

"DID Barkes know you had the pearls?" Sidney asked.

"How could he know about them? I haven't worn the string since I left Capetown."

"That," said Braitwood, "was what I came up to find out. If you haven't worn the pearls or displayed them, I can't see how Barkes could have known you owned them."

"Adam and I did not even land in New York. We came on a freighter and landed in Savannah. We flew up here." She laughed. "Barkes is in no danger if that is Captain Plowman's case."

"I understand," Sidney said gravely. "You telephoned Gundrum to come here for your own protection, didn't you?"

Pat flushed. "What if I did? My father is in Capetown and there was no one else to whom I could turn. Craig did not shoot Adam."

"I know it," Sidney said. "Good night, Mrs. Langdon."

Sharp Gains On
Grain Reduced

CHICAGO, Nov. 7.-(AP).-The heaviest trade in wheat in months to date produced a sharp price advance ranging from 3 1/2 to 4 cents which carried December contracts as high as 87 1/2c, within 1/4 of the six-months peak established on October 24. Corn rose 3 cents.

Buying, which spread to other grain pits, was attributed by floor brokers to a revival of inflation talk stimulated by strength of securities and a statement of the secretary of treasury referring to possibility of an increase in the federal debt limit.

Heavy profit taking reduced the wheat gains slightly but closing prices were 3 to 3 1/2 cents higher than yesterday, December 87 1/2c to 87 3/4c, May 86 1/2c to 86 3/4c, corn closed 2 1/2 to 2 3/4 cents higher, December 62c to 62 1/2c; May 63 1/2c to 63 3/4c; oats 1/2 to 1/4 cent higher.

WAKE UP YOUR LIVER BILE —

It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Amazing in making bile flow freely. Ask for Carter's Little Liver Pills, 10¢ and 25¢.

Throngs In Rousing Welcome On Return Of President

(Continued from page one)

tunes, and, time after time, "God Bless America," the bands which sprinkled the line of way added to the roars of the crowd.

At the White House, the White House police force lined up, each man at attention. The staff of the executive mansion added its welcome.

Open White House Gates
After Mr. and Mrs. Roosevelt went indoors, the gates of the White House grounds were opened for the first time in months and the people flowed through them. "We Want Roosevelt," they chanted and roared.

Mr. and Mrs. Roosevelt came out on the front portico and waved in response. Cries for a speech were unavailing.

Flags whipped in the crisp autumnal air. Bunting decked the great gray building. School children lined the curbs. Bands were marshalled. Police, expecting the biggest day since the visit of Britain's king and queen, prepared to handle a crowd of 300,000 at the station and on Pennsylvania avenue, historic thoroughfare along which many presidents have passed in victory but none, before this in a third term triumph.

The Roosevelt victory, however was not without encouraging aspects for his Republican opposition. The same figures which proclaimed substantial Republican gains over 1936 when Mr. Roosevelt won 523 electoral votes to the 8 which two lone states yielded to his rival, Alf M. Landon.

In 1936 the popular vote went: Mr. Roosevelt 27,476,673, Landon 16,679,583, but in 1940 Willkie not

only slashed fifty per cent off the numerical size of the Roosevelt plurality but succeeded also in piling up a record-breaking mountain of Republican ballots. Although the count was not yet complete, he already had surpassed the previous Republican high of 21,392,190 which Herbert Hoover reached in 1928 in his great "prosperity landslide."

With the last tardy returns still dribbling in, Mr. Roosevelt had a multitude of affairs awaiting his attention. Problems of foreign policy, plans for greater assistance to Britain, and defense program details all promised to shove quickly into the background the election, its interests and controversies.

On these major questions the chief executive was receiving an increasing number of assurances of cooperation and support from the ranks of his erstwhile political foes. To implement these assurances, a post-election keynote of national unit sounded in every section of the country.

Following upon Wendell L. Willkie's telegram of congratulations to Mr. Roosevelt yesterday, Alf M. Landon, Republican 1936 standard bearer, told the country by

radio that its job now was to "grin and go back home to work." In Palo Alto, Calif., former president Hoover noted that both Republican Candidate Willkie and Democratic Candidate Roosevelt had "pledged to the utmost national preparedness and to keep out of foreign wars."

Here's Real Relief for NOSES THAT CLOG, DRY UP AFTER DARK

3-PURPOSE MEDICINE

How much better you feel—when you clear nose of transient congestion at bedtime with Va-tro-nol! Va-tro-nol does 3 important things: (1) shrinks swollen membranes; (2) soothes irritation; (3) helps flush nasal passages, clearing clogging mucus, relieving transient congestion. It makes breathing easier, invites sleep.

If a cold threatens, Va-tro-nol used at first sniffle or sneeze helps prevent colds developing.

Mr. Hoover said in a statement, "is the full cooperation of everybody in this vital purpose."

In New York, former governor Alfred E. Smith, a Democratic campaigner to the last ditch for the Willkie cause, declared that

"Every American should line up solidly behind the president in the interest of the future welfare of our country."

And in Salina, Kas., the flames of a huge bonfire fed symbolically upon all the campaign literature that Boy Scouts could collect.
